

Chillimamas

Autumn/Winter 2020

I have been making and selling organic jams, chutneys and HOT HOT Chilli Sauce for 10 years. Most of the fruit and vegetables used in my tasty products are grown in my garden in Hayes, Kent. The ripe fruit is picked and made into jams on the very same day. A wide variety of chillies are grown in my green house. Scotch Bonnet are used to make my HOT HOT Chilli Sauce in batches of only 10 bottles at a time.

No additives or artificial flavourings of any sort are used. All produce is vegan and nut free. I hold a 5 star Food Hygiene Rating from Bromley local authority.
